MLCC

A possible change in the start time of the meeting was discussed. The main concern was maximum participation. No decision was made.

Tim discussed reservation system issues: price and functioning of the system.

Ariel stated that the gaming funds will need to be distributed soon, and suggested we consider a donation to a charity supporting children this year. Organizations in which there is an interest are “Reach 907” and “Hatcher Pass Avalanche Center”.

MLCD

Ariel reported that his highest priority for summer work on the field is
Bridges in the Trail Park
Storage shed enclosure

Parking lot lighting was discussed. Contractor pricing is the primary issue. We may have enough for 3 poles. Ariel will write up an RFP. Patti said she would call Todd Smith regarding the DOT poles stored on KGB to advise him of our continued interest.

Lisa reported that she had walked the Trail in the 40-acre park, and that there is a lot of clean up to be done. The 25th and 26th of May were proposed as work days.

June 16, 11am to 3pm, was discussed as a date to work on the shed enclosure.

Camden adjourned the meeting at 7:40 pm
